

Chesterton Play Group - Report

This year has been a busy one for playgroup, we are very full in our sessions and are booking in children for the following academic year.

This year we have been busy with implementing our fun curriculum which aims to help all of the children in their development. We are pleased that we have recently had an Ofsted inspection which rated us as good in every area.

We are currently fundraising to improve the garden area for the children and have welcomed donations for the setting with toys and furniture from the local community. This has been greatly appreciated as we aim to provide excellent care and education but our income is limited to fee-paying children and funding from the OCC for the children that are eligible to receive this. So all contributions are greatly received.

Our staff team has remained consistent and committed, we promote professional development and have a well-trained staff team who strive to give the best to the children and the local community.

Our topics this year have included learning all about festivals, the seasons, growth, and change as well as themes such as our book of the week alongside phonics teaching and maths. There is information available on our website in our weekly blog about what we have been up to.

We appreciate the support from the parish council and the local community, we value our setting and love working with the children and families and hope to continue this for many years to come.
