

Chesterton Pavilion

This report includes the Pavilion and Playing Field. The year has passed with a full fixture of Cricket matches between May and September 2025 and Football between September and May 2026.

We continue to offer facilities to Chesterton School for Cricket and Rounders throughout the year. Also, Soccer Life Football Academy use the facilities for half term camps. These have proved incredibly popular and are run by first class coaches.

Anyone interested in being part of this should look out for adverts on the Bicester and Chesterton Facebook pages.

The Pavilion building is often used when Chesterton Community Centre is unavailable or being used for Bruern Abbey School examinations.

The Pavilion is now 10 years old, and we are beginning to face some hefty repair costs. The front door and lock has broken twice this year costing in excess of £500. We are in the process of having the lighting replaced. The purpose is to try and reduce the very high utility bills of old outdated strip lighting.

The Pavilion is run entirely by volunteers, in the Football and Cricket Clubs. We have no external funding.

We are happy to offer facilities at any time. Please contact me for further information.
